Subject: Revisions to Rule Removing Special Waste

Based on concerns raised with language in 329 IAC 10-7.2 (Generator Responsibilities for Waste Information) that portion of the rule has been revised from what was presented to the Solid Waste Management Board at their October 21, 2003 meeting. Please see page 8 of the courtesy copy portion of the attached document, to see how the newly proposed language reads. Based on comments from the Solid Waste Management Board, staff also changed a reference from "medical waste" in 329 IAC 10-20-14.1(a)(3) to "infectious waste". The solid Waste Board will continue to hear comments on this rule at the November 18, 2003 meeting.

If you have any questions, please contact Mr. Steve Mojonnier at 317/233-1655.
